Never-ending Kindness

Eid Mubarak! Warm wishes for those who are celebrating Eid al Fitr 1445H and may our good deeds never cease to exist for ourselves and those around us.

Good deeds are never easy, but it's never impossible. It is a dedication, the unquenchable pursuit to strive for the betterment of others. It is a need that is indeed in the hearts of many people out there, wanting to do good for others around them. God instills goodness in each and every one of us so that we can feel the kindness of God, The Source of All Goodness.

We continuously cultivate good will and kindness within ourselves, our staffs, Volunteers, the employees of 1 Nusantara Cafe and even inspired some customers that are now becoming a part of "**Family Kafe 1 Nusantara**". These small steps carry the weight of our aspirations to inspire positive change within both the people and the government.

The **Eco-friendly Shopping Bag** is made possible through the joint efforts of multiple involved party. The clothes that is used as the **base materials** was the contributions of our friends from thrift shops in Padang. **The production** is made possible by local tailors that has been facing challenges due to the recent decrease in customer. The completed shopping bag is given for free to local business owners in tourist sites with the condition that they make a commitment not to use plastic bags for their customers. Currently Yayasan Perahu Nusantara has already collaborated with six shops in total. We hope that this initiative will be welcomed by local and international tourists alike.

Aside from providing for our guests, 1 Nusantara Cafe also organizes several programs as a promotion of goodwill such as the ongoing **Sunset English Club, Kids English Club**, and "Kelas Psikologi bagi Ibu dan Anak" (**Moms n Toddler**). The newest activity would be "**Salam**" (kiSAh inspiratif maLAM), where we invite the younger generations to listen to various inspirational speakers every saturday night.

Moreover the cafe will celebrate it's 3rd anniversary with charity events. There will be Blood Donation in collaboration with PMI (Indonesian Red Cross). The cafe will also invites it's guests to join us in distributing packed meals for the garbage collectors that has always been the frontiers of environmental cleanliness in this city. This event will be in collaboration with Program Peduli Nagari.

We hope that these efforts will always be our support in continuously generating creative plans and programs for the betterment of the people in Padang. We welcome your prayers and support for us with open arms.

Central Business Unit

One of the business unit undertaken by Yayasan Perahu Nusantara is Indonesian Language Class and Minang Language Class for foreigners that have an interest in learning Indonesian language and the culture of Minangkabau. We are happy to have two additional teacher candidates, one of which has already began teaching on April 2024. We also do regular meetings with our teachers to complement their teachings and provide them with the help they need. We hope that with this increase in our teaching forces, we can facilitate more students in Indonesian or Minang classes.

During the last Ramadhan, the cafe have seen a decrease in customers compared to the previous months of Ramadhan. This has been our homework to balance and improve the sales of the cafe in the future to come, and some of the measures has been implemented. May these activities bring good influence for the people and may it brings a lot of people together.

Strive to Grow

We are facilitating Capacity Building sessions once a week for our staffs, cafe employees, and volunteers. Aside from trainings to improve the skills of our staffs and volunteers, we also provide elaboration of our visions, missions, values, and the work of our foundation to further align our mindset so as to reach an understanding to help us work with one another.

Financially, we are still trying to provide the monthly operational costs of Rp27,000,000. We pray that we can cover these costs every month through our business units and also of course, from your continuous supports.

Thank you.

Wenny Afriani

Tim Program

Donation in Kind

Generally, donation can be described as a physical voluntary spending that is done by individuals or legal entities. The open donation is important because of its correlation with the betterment of the people. There are a lot of ways to donate, such as supporting the education, helping the environment, or even the efforts that can be made to overcome poverty.

We, the program team of Yayasan Perahu Nusantara, understand the importance of donation. Because without the donation from our donors, it is hard to achieve what we do today. Even now, the continuous supports of our donors are still important for the educational, entrepreneurship, and environmental programs that we operate.

We recieved a lot of donations in the form of books, secondhand clothing, and money. And many supports also came in the form of efforts, time, and ideas. We are grateful to God and thankful to the donation however small or big we recieved. We will keep on updating you in the donations to come, in person or by our social media platform.

Capacity Building

Every Friday afternoon, staffs, cafe employees, and volunteers participate in Capacity Building. We hope that this will be their resources to develop their next career, or to nurture their own businesses in the future.

BARISTA TRAINING

We're proud to have three enthusiastic and aspiring baristas enrolled in our Barista Training program. We hope that they can express the values of Nusantara in the Cafe.

SALAM Nusantara

kiSAh maLAM Nusantara or Night Stories of Nusantara, was inspired by TEDTalk with the intention to share inspirational stories, informations, and experiences to enrich the youth of Padang. This weekly event is free of charge. Some of our past speakers : religious figure, researcher, musician, entrepreneur and anthropologist.

Cloth Bags

Six shops have resolved themselves to not use disposable plastic bags in their business. Two thrififers have committed to give out rejects (clothing) to be recycled into cloth bags. One mother has dedicated to produce 500 cloth bags, and many other volunteers support this program.

We still need more support to fund the production of the cloth bags. To balance the cost, we sell other unique cloth bags (Rp30k/pcs), secondhand clothes, and the rest will be covered by your continuous support that we are grateful for.

Mini Library

Air Manis Library is open three times a week. Aside from reading and painting, we will have english classes for elementary, middle, and highschool students with as low as Rp10,000 a month

Balai Bamain

We have two locations for this playground activities (Nanggalo and Airmanis Beach) that is held three times a week. We have three volunteers that help Yayasan Perahu Nusantara facilitate the activity every week. This playground promotes traditional games and fun educational activities for children
