# “Onward, Youth of the Nation!”

## ERIKSON HENRI

HEAD OF FOUNDATION

Happy *Sumpah Pemuda* Day! With nearly 25% of Indonesia's population aged 16-30, our youth represent a powerful potential for the nation. History shows the pivotal role they play, though perspectives vary — some are optimistic, while others more skeptical. We at Yayasan Perahu Nusantara look forward to engage with open-minded, progressive young people. We connect with them daily as patrons of Cafe 1 Nusantara, and many even volunteer, leading at the forefront of Yayasan Perahu Nusantara’s mission.

**“Resilient Workforce” Training for Patrons of 1 Nusantara Café**

**Agent of Peace Padang (Interfaith Discussion facilitated by Peacegen Indonesia)**

We are grateful for some of the recent progress at the foundation. In September and October, we opened two new *Balai Bamain* sites, started English classes for children at Pantai Air Manis, and formed a regular donor group for the foundation. The number of volunteers for Yayasan Perahu Nusantara also continues to grow.

At Café 1 Nusantara, we are thankful for new activities as well, including *Agent of Peace Padang* (an interfaith discussion facilitated by PeaceGen Indonesia), Workplace Resilience Training (for Café 1 Nusantara patrons), and Nusantara Art (a free painting event). Each of these initiatives involves the active participation of young people from Padang.

Let us all stand together with the youth, supporting them in their creativity and efforts for the betterment of Nusantara.

# “HR Management”

## MERI SRI

### CENTRAL BUSINESS UNIT

The personal challenge I face is in effectively managing human resources. We enjoy having young people working at the café, as they bring great potential for its success. However, this also requires us to enhance our skills in workforce management.

We have been fortunate to welcome two new staff members who assist at the café. They have undergone barista training and continue to learn alongside our experienced barista at Café 1 Nusantara every Wednesday. In addition to their work at the café, one of them volunteers at the play center on specific days.

We are still brainstorming ideas for activities on Thursdays at Café 1 Nusantara. The “Nusantara Membaca” program has seen low participation, as has the “Financial Talk” session. However, we are grateful that starting in October, we have introduced two new activities at the café: “Training for Workers” (Wednesdays) and “Nusantara Art Day” (Sundays).

**Nusantara Artday at 1 Nusantara Café**

We are in the process of planning and developing our projects for 2025. Alongside surveying potential locations for new *Balai Bamain* sites and continuing to strengthen both personal and organizational networks, we also aim to actively seek opportunities for CSR funding from companies that align with the Foundation’s vision and mission, particularly in West Sumatra and specifically in Padang. We warmly welcome any support in this endeavor.

In November, we intend to host “*Rembuk Relawan*,” (Gathering Event for Volunteers) which will serve as a meaningful opportunity to connect with our volunteers and share the vision and mission of Yayasan Perahu Nusantara.

We sincerely ask for your prayers and continued support for our efforts at Café 1 Nusantara and Yayasan Perahu Nusantara.

## “Langkah-Langkah Kecil: Baby Steps”

### WENNY AFRIANI

#### TIM PROGRAM

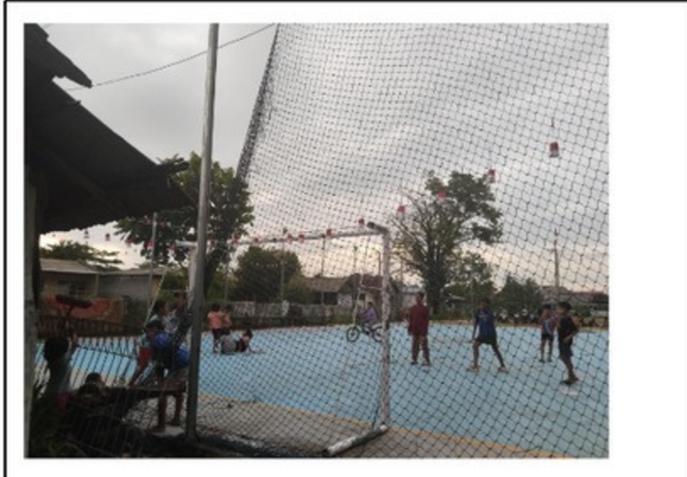

Over the past two months, the Program Team at Yayasan Perahu Nusantara (YPN) has focused on expanding the Balai Bermain programs in Kelurahan Air Tawar Barat and Parupuk Tabing. This initiative represents a significant step toward creating a safe, nurturing environments that foster children's development in these communities.

Our initial efforts included conducting field surveys and securing permits from local authorities and community organizations. We are grateful for the overwhelmingly positive responses we've received; both the government and local residents have shown strong support for our initiatives. And more importantly, the children's enthusiasm is truly inspiring, as demonstrated by their impressive participation in every *Balai Bamain* activity. Their consistent attendance underline the program's vital role in their lives and reflects their eagerness for this initiative.

In addition to the enthusiasm from the community and the children, our team has recently welcomed a new member, Josh, who is ready to make significant contributions to the smooth operation and growth of our programs. His presence injects renewed energy into the team as we engage in our daily activities.

We would also like to express our heartfelt gratitude to our dedicated volunteers, whose unwavering support is vital to the success of the Balai Bermain program.

Understanding the importance of equipping our volunteers to make a positive impact on the children, we prioritize mandatory training sessions for all participants. These sessions aim to impart essential skills and knowledge, ensuring a thorough understanding of YPN's vision and mission.

The small steps we take may appear modest, yet we firmly believe that each one brings us closer to a meaningful change. With the support of the government, the community, and the enthusiasm of the children and volunteers, we are confident that the *Balai Bamain* programs in Air Tawar Barat and Parupuk Tabing will continue to flourish and create a lasting, positive impact.

# Volunteer In Action

YPN

*The presence and dedication of these individuals are greatly cherished by the younger children at Balai Bamain. They approach their work with professionalism and heartfelt sincerity. Allow us to introduce them: Nisak, Josh, Tian, Roma, Sukma, Syalwa, Nia, Angel, Drake, and Aya.*
